

After-School Activities Director

With After-School Activities Director, your school will efficiently manage extracurricular programs and track student activities. Create an unlimited number of activities in which to enroll students, and designate program teachers, locations, and meeting times. Vital program information is supplied in system-generated rosters listing members, sponsors, and meeting logistics.

Communicate each student's after-school activities to relevant parties with minimal effort. Homeroom teachers can be updated with daily and weekly reports of the after-school programs in which each of their students takes part. Compose and send batch email to participants or parents of any extracurricular activity.

Reports include:

- Schedules by:
- Single Date
- Week
- Carpool
- Teacher
- Student Activities Rosters
